

THE Gold Medal!

It will be pleasing information for wearers of Queen Quality Shoes to learn that their favorite footwear won the Gold Medal at the Pan-American Exposition.

Queen Quality
THE FAMOUS
SHOE FOR WOMEN

had previously won the distinction of being the most famous shoes in the world and of having the largest sale.

The immense volume of patronage bestowed on these shoes has undoubtedly been due to a number of things—the beautiful leathers, handsome models, great variety of styles, shapes to suit all types of feet, and the fact that the price was \$2 less than that demanded for similar values, but chiefly because of their

Wonderful Fitting Qualities.

It is the combination of EASE and ENDURANCE that has earned the Queen Quality success and that constitutes this triumph of shoemaking.

ALL CASES OF
DEAFNESS OR HARD HEARING
ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERNER, OF BALTIMORE, MD.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I sought and a treatment for the ear, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city who told me that there was no cure, but the hearing in the affected ear would be lost forever.
I then saw your advertisement, which appeared in a New York paper, and ordered your treatment. After three weeks my hearing in the deaf ear had been entirely restored. I thank you heartily and beg to remain
Very truly yours,

WEST BRISTOL TOWNSHIP.

Mrs. Wilson, of Philadelphia, was visiting her sister Mrs. Thomas Duffield on Tuesday.

It looks as though the wedding bells would ring about Newportville and old Chohan lane in the near future.

Miss Anita Campbell, of Philadelphia, has been spending a few days with her friend, Mrs. Robert H. Neely.

Charles Russell Lorimer is taking a short vacation expecting to spend several days with his relatives in Philadelphia.

Notwithstanding the fact the lead belonging to China Hall and vicinity has been diligently searched for game, William Douglas and Charles Minter, nephew of Mr. Francis Minter, bagged twenty five rabbits on Friday last.

An oyster supper was given by David Muller Saturday evening at his clubhouse on the banks of the Delaware. His guests included several well known marksmen and politicians of Philadelphia, who enjoyed themselves hugely in spite of the inclement weather of the night.

The Rev. Fisher Mason, who did such good work during the past summer by his sermons, preached regularly at old Historical China Hall, made his farewell address at the Bristol Colored Baptist Church on Sunday, Nov. 24th, accompanied by Miss Clara Ellen Elmer, previous to his departure to his home in the sunny south.

George Rice, the man who owned the boats at College Park while Matthew Campbell was manager of the Park, and who went to Kentucky about two years ago seeking gold, recently returned to the park on Friday last, seeking information of the person or persons who removed the boats from said park during his absence, twenty-five boats in all. No doubt they will be returned by moonlight, and other personal property was returned to the park.

The long drought at last was broken on Saturday and Sunday, much to the delight of the farmers who had begun to think their crop of winter grain would be seriously affected by the continued drought, but the welcome rain dispelled their fears, and only alarm them in the stiff nor'easter that followed in its wake, which was little short of a cyclone, blowing down fences, overturning hay racks, demolishing wind mills and stirring up clouds in Bristol and vicinity equal to a political campaign, tearing from the trees the last vestige of foliage, leaving them as an emblem of what is to follow, bare, cold, grey winter.

Owing to the withdrawal of George W. Strauser from the Senatorial fight, Hon. William C. Mayne has announced himself a candidate for that office. The people of Bucks county recognize in Mr. Mayne one whom they will be proud to follow. He will prove himself to be a champion opponent, intense in controversy but always tolerant to honest difference of opinion and unimpaired in his philosophy. Only a corrupting spirit could deny that he possesses these virtues. He has not only gained the friendship of the erudite few, but has won the respect and good feeling of all men of the county. Nothing detracting was ever adduced against him, and his friends of this district have only to say they sincerely hope that success will crown every effort.

The Young Men's Christian Association of Bridgewater held a bazaar on Wednesday and Thursday evenings last, for the benefit of the association. The ideal month-long evenings rendered it possible for West Bristol Township to be well represented. Among them, people of McKee City and Sherwood Grove, Miss Phannie Cherry and Miss Clara Lewis and Miss Lizette Lory, merited charge of the fancy goods table which was tastefully arranged and presented a pretty picture and from which was realized a large sum to help along the assistance of their brothers and possibly some other girls' brothers took an active part in the work in which all had a common interest. The centre of attraction was a case of valuable birds that were placed upon exhibition by taxidermist, Ely who is to be congratulated upon the skill he has displayed in so successfully mounting the birds, as they presented a life-like appearance and numbers of people paid the admission for a peep at them. The taxidermist, Ely, is to realize a goodly sum, as his share to the Y. M. C. A. The refreshment table came in for its share of praise as it was overcrowded with good things to eat. Every one went home feeling satisfied that the good time of the year was over.

Bristol township vaults into the legislative contest in this county with a candidate moulded from its own soil.

Were Cincab Taylor living, would he endorse such a movement? The late congressman's chief lieutenant, former commissioner, the now venerable sage of the party in the township, William R. Vandegrift, shakes his head and says "Well we have no authority to quote him. We hesitate to make a declaration for him, because he has the peculiarity of making his own forcible declarations in his own individual way." Will the Grundy-Minister Combination take kindly to the arrangements from the heart's place of origin, in days gone by or use the word "up with the favorite son of Yardsley? That Yardsley is sweet music to their ears, we doubt not, but steeper still is Bristol township. You say perhaps. At least it might have been. Frank P. Bell and that erstwhile chief of the Independents, Captain Edwards, look askance upon this proposition? Will Grundy and Bell, like the spartan gladiators of old, sweat their blades and for the glory of their party refuse to do battle for the enemies of the Common cause? Will the administration secure Gilkeson an appointment to Kamehatchia and thus pave the way for the old order of peace and glory of their party refuse to do battle for the enemies of the Common cause? Will the administration secure Gilkeson an appointment to Kamehatchia and thus pave the way for the old order of peace and glory of their party refuse to do battle for the enemies of the Common cause?

The Children's Friend.
You'll have a cold this winter. My son has one now. Your children will suffer too. For coughs, croup, bronchitis, grip, and other winter complaints, one Minute Cough Cure never fails. Acts promptly. It is very pleasant to the taste and perfectly harmless. "O. B. George, Winchester, Ky., writes: 'Our little girl was attacked with croup late one night and was so hoarse she could hardly cry. We gave her a few doses of One Minute Cough Cure. It relieved her immediately and she went to sleep. When she woke next morning she had no signs of hoarseness or croup.' E. D. Wright, Central Pharmacy, 303 Mill street."

Modern Surgery Surpassed.

While suffering from a bad case of piles I consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. Says E. Carter, Atlanta, Ga.: "I procured a box and was entirely cured. DeWitt's Witch Hazel Salve is a splendid cure for piles, giving relief instantly, and I heartily recommend it to all sufferers. Surgery is unnecessary to cure piles. DeWitt's Witch Hazel Salve will cure any case. Ours, burns, bruises and all other wounds are quickly cured by it. Beware of counterfeits. E. D. Wright, Central Pharmacy, 303 Mill street."

Chamberlain's Stomach and Liver Tablets cure biliousness, constipation and headache. They are easy to take and pleasant in effect. For sale by all druggists.

News of the County

DOYLESTOWN.

Thanksgiving will be observed as general holiday in Doylestown. The public offices, banking institutions and many stores will close, and the newspapers suspend publication.

The public enjoyed two fine concerts this week. The first was given Tuesday evening for the benefit of the Natural Science Association of the High School and the second on Wednesday evening for the benefit of St. Mary's Catholic Church. Talented singers appeared at both entertainments. The Science Association concert was the first of a series of five entertainments to be given this winter.

At a meeting of the auditors in the Henry D. Ruess bankruptcy case held on Monday Ruess filed a schedule showing liabilities of \$90,989.51 and assets \$64,829.08. Ruess was formerly proprietor of the agricultural implement works here, and is resting under the charge of having ordered and secured goods valued at a large sum in the aggregate. One charge is embezzlement. At the meeting Monday the creditors could not agree upon a trustee and another meeting will be held.

Hon. Harry J. Shoemaker, S. A. Heller, Aaron Kratz and S. R. Rosenberger, of the Doylestown, Pa. school board, have purchased a tract of land containing 153 acres contiguous to their proposed trolley road, which may be utilized some day for park purposes. The property belonged to the estate of John Beaman, and is located on the Durham road about two miles above Pipeville. Tobichon creek flows through the tract, which has great natural advantages in the way of attractive scenery.

Several members of Company G were presented with medals at the regular meeting on Friday last. A gold medal was presented to private Alfred McInosh. Silver medals were awarded to Sergeant Maulebury and West for proficiency in rifle practice. Bronze attendance medals were presented to Sergeant Maulebury and West, Corporals Ross, Meyers and Rayton; Privates Beatty, Bice, Dietrich, Keenan, Nowell, H. Schaefer, J. Schaefer, Sellers, Wiley, McInosh, Wiggins, Claxton and Sharkey. Arrangements were made to hold a smoker Friday evening, November 29.

The annual meeting of the Fellowship Horse Company was held here on Wednesday, November 20. There was little news of public interest connected with the business proceedings, but the suggestion that the company should be organized into a permanent association was presented to private McInosh. Silver medals were awarded to Sergeant Maulebury and West for proficiency in rifle practice. Bronze attendance medals were presented to Sergeant Maulebury and West, Corporals Ross, Meyers and Rayton; Privates Beatty, Bice, Dietrich, Keenan, Nowell, H. Schaefer, J. Schaefer, Sellers, Wiley, McInosh, Wiggins, Claxton and Sharkey. Arrangements were made to hold a smoker Friday evening, November 29.

The thirty-first annual convention of the Bucks County Sabbath School Association was held here at Salem Reformed Church on Thursday, November 21. The convention was held at the residence of Rev. J. H. Mearns, pastor of the church, and was attended by sixty-four schools. The address of welcome to the delegates, pastors and superintendents, who numbered over a hundred people, was delivered by Webster C. Springtown, president. Rev. J. H. Mearns, pastor of the church, was elected president for the ensuing year. The secretary's report showed that there are 15,000 children attending Sabbath schools in Bucks county, and that the schools number 137 and the teachers 1,300. Resolutions complimentary to the retiring president were adopted. The evening session was marked by a song service and an address by Rev. J. H. Mearns, pastor of the church. The following officers were elected for the ensuing year: President, Rev. J. R. Bergey, of Doylestown; vice-president, Rev. F. W. Randall, of New Britain; recording secretary, Rev. J. H. Mearns, of Doylestown; corresponding secretary, G. W. Rubinkin, of Jamison; superintendent primary department, Mrs. G. W. Wiley; superintendent normal department, Prof. M. Rosenbort; superintendent home department, Miss Elizabeth McCarter.

The editorial announcement in the Gazette that John O. Swartzley, Esq., and Volmar M. Heller, of Doylestown may be candidates for Assembly or Congress, has been met with interest by the community. The announcement is altogether favorable. Especially in Mr. Swartzley's case it is conceded that he would make an excellent representative. There is no doubt but that the situation with regard to the Assembly and Senate nominations for next year are being watched with keen interest, notwithstanding the fact that the campaign is a long way ahead. The party would be wise to select first class men for their offices. With this done there would be little encouragement for factional difficulty. The situation in the State is so uncertain that Republicans inclined to look for trouble at home are now somewhat puzzled as to the line to follow. The next Republican convention will do it. It is not at all certain that candidates objectionable to the Union party sympathizers throughout the State will be named. The Union party in the field in Bucks, for the leaders of the faction here are not possessed of such enthusiasm as to disregard what is expedient. The announcement in the Gazette that John O. Swartzley and Volmar M. Heller are candidates for the next year would probably be a Union party ticket in the field has served as a warning to the party as to what may occur in the county if matters in the State are not satisfactory.

Sanitary Bread Making.
N. Y. Evening Post.
Bakers of this city are asking each other why New York should attract so many of the nation's bread-makers as they do. Last summer the trade was thrown into great excitement by a report that a newly formed company had secured the rights of a recently patented machine for making bread, and that the machine would produce a loaf that would turn out not only a sweeter and cleaner article of food, but would also produce at least 25 per cent more loaves than can be done by hand baking. This company is already installed in a West Broadway plant, where things will run on the most modern sanitary principles. All the interior decorations are in enameled white paint, and the employees are to put on clean white clothing, furnished by the company, every morning before they go to work. They will also be required to bathe themselves in the bath-rooms on the premises. Nothing but the hottest water will be set up in the cellar, the ovens having been built apart on the third floor. The bread machines are located on the other floors of the six story building. The plant will begin the manufacture of bread about December 1st.

TULLYTOWN.

Russell Barton made a visit to Philadelphia last week.

Mrs. Lewis M. Carter, of Eden, has been a visitor in town during the past week.

Don't forget the closing out sale of John Barton's stock and store fixtures next Friday and Saturday. Some rare bargains are anticipated.

The local castle of the Knights of the Golden Eagle anticipate a public installation in the early part of January. Preparations for the event are now under way.

Some of the boys have again been disturbing the residents of Main street by throwing stones and breaking windows. Some property owners have learned who the offenders are and threaten arrest.

Charles R. Bennett, of this place, is the inventor of a new mail catcher for railroad use. The new machine not only allows the mail bag to be taken by the passing train, but also permits the train to deliver a bag to the catcher. The inventor has had a working model in operation for sometime and is now constructing a full size catcher for experimental use upon the Pennsylvania Railroad.

Tullytown school will be open as usual on Thanksgiving Day. This holiday is the proper time for a day set aside for the giving of thanks to the Almighty for blessings bestowed ought to be as generally observed as Christmas, and the school children should be instructed to the true object and meaning of the day. They should also have the opportunity of observing the holiday.

When the specifications for the new bridge over Martin's creek were submitted to the contractors for proposals, one of the provisions was that a temporary bridge should be provided during the construction of the new bridge. Either the contractors are violating their agreement, for Main street is now closed and exit entrance to the town via that street can be made only by making a wide detour. If the contractors are not living up to their agreement the county commissioners, in the interest of the driving public, should attend to the matter.

NEWPORTVILLE.

Lots of war arms, but no cases of small-pox in this place.

The heaters at the Birkey residence give great satisfaction.

Charles Mathews has so much work on hand that it is necessary for him to work at nights.

There are lots of good Republicans to choose from for both Constable and Supervisors.

Evans Roberts has announced his candidacy for the re-nomination of Registration Assessor.

Daniel Potter has erected a new pig sty, to accommodate his 300 lb. porkers, that are less than a year old.

Lambert Hunt is visiting in Trenton, N. J. His wife, Mrs. Hunt, is visiting in Germantown.

This town was well represented at the Bristol Auditorium, on Saturday evening, despite the bad weather.

John Hamm and wife were summoned on Saturday to Philadelphia to attend the funeral of their daughter-in-law.

Who will be the next Supervisor of West Bristol township? That is the question that is interesting many around this place.

Winder L. Johnson has a roan mare that will make some of the 2.40 trotters go some. If you don't believe it, get after him once.

No Sunday school or church services were held in the Ascension Chapel on Saturday afternoon last on account of the inclement weather.

We were in error last week in regard to the oldest building. Instead of being the Joyce building, we should have said the Captain Walton residence.

Russell Vandegrift, book-keeper at Roebbing's Wire works at Trenton, walks to and from his home in this place to Croyston station regardless of the weather.

There is not a better farmed farm around this neighborhood than the Joseph Grundy place, formerly owned by Charles Grundy, and every thing around the place is kept in apple-pie order.

Charles Mathews and wife were in New York on Thursday last in attendance at the funeral of Mr. Mathews's sister, who resided there. Her death was sudden, probably from heart trouble.

A car load of ties and rails have been unloaded near Croyston, by the Bristol and Eastern Street Railway Co., and we are informed that the pile is to be macadamized from Bridgewater to Torresdale.

John Buster, gardener on the Johnson place near here, was gone nearly two months visiting his relatives and friends in Ireland. He gives glowing accounts of his native place, but says there is no place like America.

Captain Frank Brown is done with the matrimonial business, that is as far as advertisements are concerned, but if some kind and affectionate young lady or widow would come along, he would talk business with her, and if both were suited would go off and "get married."

The rain on Saturday evening and Sunday was a welcome relief, but in use allowed to stay away from the pig sty on Saturday evening, at Johnson's Hall, Halmerville, gotten up by the ladies connected with the Neeshammy M. M. Church.

One night last week someone tried to burglarize the hotel of William Savaco, in this place. The thief had forced open the shutters and was cutting the putty of the large window pane, when he was frightened by the presence of Mrs. Savaco, who had come down stairs for milk. Her son, Raymond, who had been confined to his bed for several weeks with typhoid fever, Mrs. Savaco described the man as of medium height, of dark complexion, and wore a black derby hat, and light colored overcoat.

The thief might the barber shop at Halmerville was entered and robbed of \$20. It is thought it is the same person who tried to enter Savaco's hotel. Mrs. Savaco says if he returns that he will be given a warm reception.

A surprise party was tendered Miss Emma Umstead on Wednesday evening at her home on Bellevue avenue, and was attended by nearly all the school children in the borough.

In late years men have made fortunes out of tailings of gold mines. The mills in which the ore formerly was crushed and the crude processes used in its use allowed a large percentage of the precious metal to escape, and that loss amounted in some cases to a fortune. The stomach is just like a stamp mill in this respect, that when it is not in perfect order it allows the essence and nutriment of the food to escape, and that loss amounts in some cases to a fortune. The stomach is just like a stamp mill in this respect, that when it is not in perfect order it allows the essence and nutriment of the food to escape, and that loss amounts in some cases to a fortune.

That loss when continuous means the loss of man's greatest fortune—health. Science offers a remedy for this condition. It is the Golden Medical Discovery. It corrects the "weakness" of the stomach, prevents waste and loss of nutriment, and puts the stomach and organs of digestion and nutrition into a condition of health which enables them to save and assimilate all the nutriment contained in the food which is eaten. In all cases of constipation the use of Dr. Pierce's Pleasant Pellets will speedily and permanently cure the disease.

THE CHEMISTRY OF CHARACTER.

John and Peter and Robert and Paul—God in his wisdom created them all; John was a statesman, Peter a slave, Robert a preacher, and Paul a knave. Evil or good, as the case might be, White or colored, bond or free, John was a statesman, Peter a slave, Robert a preacher, and Paul a knave.
